ASEAN MALAYSIA CHAIRMANSHIP 2025

THE 12TH MEETING OF THE WORKING GROUP ON STATISTICS OF INTERNATIONAL TRADE IN SERVICES (WGSITS12)

The 12th Meeting of the Working Group on Statistics of International Trade in Services (WGSITS12) was successfully held on **8–9 September 2025 in Port Dickson, Negeri Sembilan**, hosted by the **Department of Statistics Malaysia (DOSM)**. The meeting gathered 22 participants from ASEAN Member States (AMS), Malaysian representatives, and the ASEAN Secretariat (ASEANstats) **to exchange best practices, discuss methodological developments, and strengthen cooperation in international trade in services statistics.**

WGSITS12 provided ASEAN with **a platform to review past initiatives and set future directions for the next five years.** Delegates discussed **achievements, challenges, and data practices** in trade in services, while also preparing the 2026–2030 work plan to align with ASEAN's economic goals. The meeting further exchanged views on enhancing cooperation under the ASEAN-Help-ASEAN Framework (AHAF) and received updates on **new international guidelines** shaping the future of services trade statistics.

As part of Malaysia's chairmanship, DOSM shared its national work plan and experience in compiling Statistics of International Trade in Services (SITS), highlighting initiatives **to improve data quality, timeliness, and coverage, integrate survey systems, strengthen collaboration with key stakeholders, and address challenges through innovation** to ensure Malaysia's services trade statistics remain robust, comprehensive, and responsive to new and emerging economic activities.

In today's rapidly evolving global economy, statistics on international trade in services **must adapt to digitalisation, new business models, and shifting investment flows.** Through WGSITS, we ensure ASEAN's statistical systems **remain relevant, comparable, and trusted to drive evidence-based decisions and sustainable regional growth,**

- YBhg. Dato' Sri. Dr. Mohd Uzir Mahidin,
Chief Statistician Malaysia & Chair of the 15th Session of the
ASEAN Community Statistical System Committee (ACSS15)

WGSITS BACKGROUND

The original Terms of Reference (ToR) of the **Task Force on Statistics on International Trade in Services (TFSITS)** were adopted on 26-27 January 2010 at the Tenth ASEAN Heads of Statistical Offices Meeting in Chiang Mai, Thailand.

During the Second Meeting of the ASEAN Community Statistical System (ACSS) Sub-Committee on Planning and Coordination (SCPC) in July 2012, it was proposed that the TFSITS **be converted into the Working Group on SITS (WGSITS)** for the following reasons:

- 1) To reflect its permanent status within the decision making framework of the ACSS Committee;
- 2) To take account that the initiative on the harmonisation of SITS is no longer completely new; and
- 3) To address the emerging needs for more detailed, more comparable, and more comprehensive SITS in various forms.

Thus, the proposed **WGSITS ToR was founded on the originally approved TFSITS ToR**, incorporating the necessary amendments to establish the new status of the Working Group.

TERMS OF REFERENCE

GENERAL OBJECTIVES

1. The main purpose of establishing The Working Group on Statistics on International Trade in Services, hereinafter referred to as WGSITS, is **to promote the development and harmonization of SITS in support of the ASEAN evidence-based policy in monitoring the free flow of services** within the ASEAN Economic Community as well as between ASEAN and the global economy.
2. The WGSITS shall carry out its functions and activities under the purview of the ASEAN Community Statistical System (ACSS) Committee in the statistical domain of international trade in services (SITS), including foreign affiliates statistics (FATS).

SPECIFIC OBJECTIVES

3. The WGSITS aims, in particular to identify issues in the current system of collecting, producing and disseminating SITS in ASEAN, and recommend appropriate measures towards more regular:
 - a. collection and dissemination of timely, high quality and comparable SITS, including FATS;
 - b. Assist the ASEAN Secretariat in the development and enhancement of the minimum requirements/regional standards/common references of the national and regional databases on SITS within the context of international standards;
 - c. Monitor adherence to and recommend measures to improve compliance with agreed international methodological standards and/or agreed regional frameworks and standards, and specifications in the compilation and reporting of SITS by the ASEAN Member States; and
 - d. Promote and facilitate the sharing of knowledge/experiences/best practices in the compilation of SITS.

ASEAN Malaysia Chairmanship 2025

Advancing ASEAN Services Trade Statistics for a Resilient and Future-Ready Region

Malaysia hosts the 12th Meeting of the Working Group on Statistics of International Trade in Services (WGSITS12)

PORT DICKSON, 9 September 2025 – The 12th Meeting of the Working Group on Statistics of International Trade in Services (WGSITS12) was successfully conducted from 8 to 9 September 2025 in Port Dickson, Negeri Sembilan, Malaysia. The meeting, hosted by the Department of Statistics Malaysia (DOSM), gathered delegates from ASEAN Member States (AMS) and the ASEAN Secretariat (ASEANstat) to deliberate on methodological advancements, share best practices, and strengthen statistical cooperation in the domain of international trade in services.

In his welcoming remarks, Chief Statistician Malaysia and Chair of the 15th ASEAN Community Statistical System (ACSS15), YBhg. Datuk Sri Dr. Mohd Uzir Mahidin, underlined the significance of WGSITS12 as a vital platform for ASEAN to deepen cooperation, enhance comparability, and improve the quality and timeliness of services trade statistics in line with international standards. A reliable and forward-looking statistics are crucial to support ASEAN's policy-making, economic integration, and sustainable development. "In today's rapidly evolving global economy, statistics on international trade in services must adapt to digitalisation, new business models, and shifting investment flows. Through WGSITS12, we ensure ASEAN's statistical systems remain relevant, comparable, and trusted to drive evidence-based decisions and sustainable regional growth," he said.

WGSITS12 served as an important platform for ASEAN to review the progress of past initiatives and chart the way forward for the next five years. Delegates discussed the achievements and challenges in compiling and sharing statistics on trade in services, including how data is collected and published across the region. The meeting also focused on preparing a new work plan for 2026-2030, aligning services trade statistics with ASEAN's broader economic goals. In addition, participants exchanged views on strengthening cooperation through the ASEAN-ASEAN Framework, and were

updated on upcoming international guidelines that will shape the future of trade in services statistics.

The meeting was attended in person by 22 participants from ASEAN Member State (AMS), along with Malaysian representatives and ASEAN Secretariat (ASEANstat).

Delegates also noted the strong performance of ASEAN's international trade in services in 2024, which grew by 12.2 per cent to USD1.29 billion. Exports increased by 14.0 per cent to USD0.677.9 billion, while imports rose by 10.2 per cent to USD0.615.2 billion, resulting in a trade surplus of USD0.062.7 billion. Intra-ASEAN trade in services also expanded, with exports climbing by 13.1 per cent to USD0.92.0 billion and imports by 13.3 per cent to USD0.85.9 billion, making up nearly 14.0 per cent of the region's total services trade. This positive momentum highlights the recovery in travel and transport services, as well as the continued growth of digital and business services across ASEAN.

As part of Malaysia's chairmanship, DOSM presented its national work plan and its experience on Statistics of International Trade in Services (SITS) compilation, which underscores efforts to improve data quality, enhance timeliness, and strengthen coverage in line with international standards. The work plan also reflects Malaysia's initiatives to integrate survey systems, deepen collaboration with key stakeholders, and address compilation challenges through innovation and technical improvements. These measures are aimed at ensuring that Malaysia's statistics on trade in services remain robust, comprehensive, and responsive to new and emerging economic activities.

The outcomes of WGSITS12 will contribute to aligning ASEAN statistical initiatives with the upcoming ASEAN Economic Community Strategic Plan 2026-2030 and ASEAN's post-2025 development vision. Malaysia, as ASEAN Chair 2025, reaffirmed its readiness to continuously support these collective efforts, ensuring that services trade statistics across the region remain innovative, inclusive, and resilient.

ASEAN-Malaysia 2025 Chairmanship: The Department of Statistics Malaysia (DOSM) will chair the 15th ASEAN Community Statistical System Committee (ACSS15) which aims to strengthen the statistical cooperation towards sustainable regional development.

Malaysia, for the first time, ranked as number one (1) globally in the biennial Open Data Inventory (ODI) 2024/25 report released by Open Data Watch (ODW), surpassing 197 other countries. This achievement marks a significant leap from its 67th position in the ODI 2022/23 assessment.

PENGURUSI ASEAN MALAYSIA 2025

Memperkasakan Statistik Perdagangan Perkhidmatan ASEAN ke Arah Rantau yang Mampan dan Berdaya Sains

Malaysia menjadi tuan rumah Mesyuarat ke-12 Kumpulan Kerja mengenai Statistik Perdagangan Perkhidmatan Antarabangsa (WGSITS12)

PORT DICKSON, 9 September 2025 – Mesyuarat ke-12 Kumpulan Kerja mengenai Statistik Perdagangan Perkhidmatan Antarabangsa (WGSITS12) telah berjaya diadakan dari 8 hingga 9 September 2025 di Port Dickson, Negeri Sembilan, Malaysia. Mesyuarat ini telah dianjurkan oleh Jabatan Perangkaan Malaysia (DOSM) dengan menghimpunkan delegasi dari negara anggota ASEAN (AMS) dan Sekretariat ASEAN (ASEANstat) untuk membincangkan perkembangan metodologi, berkongsi amalan terbaik, serta memperkukuh kerjasama statistik dalam bidang perdagangan perkhidmatan antarabangsa.

Dalam ucapan aluan beliau, Ketua Perangkaan Malaysia merangkap Pengurus Sistem Statistik Komuniti ASEAN ke-15 (ACSS15), YBhg. Datuk Sri Dr. Mohd Uzir Mahidin, menegaskan kepentingan WGSITS12 sebagai platform penting bagi ASEAN untuk mengukuhkan kerjasama, meningkatkan ketidarbendaharaan dan memperkukuh kualiti serta ketepatan masa statistik perdagangan perkhidmatan sejajar dengan pascapandemik. Statistik yang boleh dipercayai dan berwawasan adalah penting bagi menyokong pengumpulan dasar ASEAN, integrasi ekonomi serta pembangunan mampan. "Dalam perkembangan pesat ekonomi global hari ini, statistik perdagangan perkhidmatan antarabangsa perlu disesuaikan dengan digitalisasi, model perniagaan baharu, dan perubahan aliran pelaburan semasa. Melalui WGSITS12, kami memastikan sistem statistik ASEAN kekal relevan, boleh dibandingkan, dan dipercayai untuk memacu keputusan berasaskan bukti serta pertumbuhan serantau yang mampan," katanya.

WGSITS12 berperanan sebagai platform penting untuk ASEAN menilai kemajuan inisiatif terdahulu dan merangka hala tuju lima tahun akan datang. Para delegasi membincangkan pencapaian dan cabaran dalam penyediaan serta perkongsian statistik perdagangan perkhidmatan, termasuklah bagaimana data dikumpul dan

diterbitkan di seluruh rantau ini. Mesyuarat juga menumpukan kepada penyediaan pelan kerja baharu bagi 2026-2030 dengan menyelaraskan statistik perdagangan perkhidmatan kepada matlamat ekonomi ASEAN yang lebih luas. Selain itu, para peserta bertukar pandangan mengenai pengukuhan kerjasama melalui Kerangka ASEAN Mampan. ASEAN serta menerima maklumat terkini mengenai garis panduan antarabangsa yang akan membentuk masa depan statistik perdagangan perkhidmatan.

Mesyuarat tersebut telah dihadiri secara bersemuka oleh 22 peserta daripada negara anggota ASEAN (AMS), bersama wakil Malaysia dan Sekretariat ASEAN (ASEANstat).

Para delegasi juga mengambil maklum mengenai prestasi kukuh perdagangan perkhidmatan antarabangsa ASEAN pada tahun 2024, yang meningkat sebanyak 12.2 peratus kepada USD1.3 trilion. Eksport meningkat sebanyak 14.0 peratus kepada USD0.677.9 bilion, manakala import naik sebanyak 10.2 peratus kepada USD0.615.2 bilion, sekali gus mencatatkan lebihan dagangan sebanyak USD0.062.7 bilion. Perdagangan perkhidmatan intra-ASEAN turut berkembang, dengan eksport meningkat sebanyak 13.1 peratus kepada USD0.920 bilion dan import sebanyak 13.3 peratus kepada USD0.859 bilion, mengukumi hampir 14.0 peratus daripada jumlah perdagangan perkhidmatan serantau. Momentum positif ini mendorong pemuliharaan dalam perkhidmatan pelancongan dan pengangkutan, serta pertumbuhan berterusan perkhidmatan digital dan perniagaan di seluruh ASEAN.

Sebagai sebahagian daripada pengurusan Malaysia, DOSM membentangkan pelan kerja kebangsaan serta pengalaman dalam penyediaan Statistik Perdagangan Perkhidmatan Antarabangsa (SITS) yang menekankan usaha meningkatkan kualiti data, memperkukuh ketepatan masa, dan memperluas liputan sejajar dengan pascapandemik. Pelan kerja ini juga mencerminkan inisiatif Malaysia untuk mengahmikan sistem survei, memperkukuh kerjasama dengan pihak utama yang bekerjasama serta mengukumi cabaran penyediaan statistik melalui inovasi dan penambahbaikan teknikal. Langkah-langkah ini bertujuan untuk memastikan statistik perdagangan perkhidmatan Malaysia kekal kukuh, menyertai, serta peka terhadap legitiimasi ekonomi baharu dan ekonomi sedang muncul.

Hasil WGSITS12 akan menyumbang kepada penyelesaian inisiatif statistik ASEAN dengan Pelan Strategik Komuniti Ekonomi ASEAN 2026-2030 yang bakal diperkenalkan serta visi pembangunan pasca-2025 ASEAN. Malaysia sebagai Pengurus ASEAN 2025 mengemukakan kesediaannya untuk terus menyokong usaha bersepadu, memastikan statistik perdagangan perkhidmatan di seluruh rantau kekal inovatif, terangkum dan berdaya tahan.

Kepengerusi ASEAN-Malaysia 2025: Jabatan Perangkaan Malaysia (DOSM) akan memperkerusi Jawatankuasa Sistem Statistik Komuniti ASEAN Ke-15 (ACSS15)

yang bertujuan untuk memperkukuh kerjasama statistik ke arah pembangunan serantau yang mampan.

Malaysia buat julung kalinya telah menduduki tangga pertama (1) di peringkat global dalam laporan dua-tahunan Open Data Inventory (ODI) 2024/25 yang dikeluarkan oleh Open Data Watch (ODW), mengatasi 197 negara lain. Pencapaian ini merupakan tonggak ketara daripada kedudukan ke-67 dalam penilaian ODI 2022/23.

Kerajaan Malaysia telah mengisytiharkan 20 Oktober sebagai Hari Statistik Negara (MyStats Day), dengan tema 'Statistik adalah Esensi Hidup'. Sementara itu, Hari Statistik Dunia Keempat akan diisytiharkan pada 20 Oktober 2025 dengan tema 'Driving Change with Quality Statistics and Data for Everyone'.

INTERNATIONAL PROGRAMME

Day 1 - The 12th Meeting of the Working Group on Statistics of International Trade in Services (WGSITS)

In conjunction with Malaysia's ASEAN Chairmanship 2025, the Department of Statistics Malaysia (DOSM) is proudly hosting the 12th Meeting of the Working Group on Statistics of International Trade in Services (WGSITS12) from 8-9 September 2025 at Kiana Beach Resort, Port Dickson, Negeri Sembilan.

Day 1 began with welcoming remarks by Mr. Nguyen Thi Quynh, Chair of the meeting, and Mr. Sa Wardhani Bakri, representing ASEANstats as they officially welcomed 24 participants from 11 ASEAN Member States (AMS) and Timor-Leste, together with ASEANstats and Malaysia.

The agenda then moved to updates on the outcomes of the 14th ACS Committee (ACSS14) and the 20th SCPC, followed by discussions on the WGSITS Multi-Year Work Plan (MYWP)—reviewing achievements from 2016-2025 and shaping the draft plan for 2026-2030.

Key sessions also revealed the availability of SITS-related indicators for inclusion in the ASEAN Economic Community (AEC) Strategic Plan 2025-2030, while addressing challenges in data collection, dissemination, and EBOPS estimation. In the afternoon, AMS representatives presented their national work plans, sharing progress, challenges, and initiatives to further strengthen Statistics on International Trade in Services (SITS).

A productive first day sets the stage for more collaboration and knowledge sharing on Day 2 tomorrow!

Statistics Bloom in Harmony

Doesn't matter far or near
Strength in numbers
we don't live in fear

Birds of feather flock together
Statistics our form of adour
We, will always live it up

Prechorus

So let us live in solidarity
And in the world arena we'll succeed
It is statistics that will come to be
The reason we will bloom in harmony

Chorus

Everybody undivided
Data's where our hearts reside in
There will always be a bind

Just like fire that ignites
That's how brightly lit our dreams are
We'll reach higher than the stars

Sending love to one another
Leaving no one in a slumber
We will stand with unity

Mustering our courage while
Embracing our disparities
We'll achieve our victory

One dream with unity
One love with harmony
